### Bheemanna Khandre Institute of Technology,

(Formerly Rural Engineering College)

BHALKI- 585328 Dist: Bidar

(Karnataka State) INDIA.

### About the Institution:

Bheemanna Khandre Institute of Technology (formerly Rural Engineering College), Bhalki, is located in Bidar district at the northern tip of Karnataka in India, established in the year 1982, approved by AICTE New Delhi, affiliated to VTU Belgaum and accredited by NBA. The college has a very magnificent building and good infrastructure featuring about 50,000 sq.m. built-up area, well-

equipped laboratories, library having 64,000 books and 60 national journals, 29 international journals in addition to more than 1500 J-GATE, e-subscribed journals (IEEE ASCE, EBSCO, ASME, , McGraw hill, ASTM Digital Library), sports facilities, T & P Cell, NSS, Student welfare office, STEP, EDP Cell, Consultancy cell, EDUSAT, e-Vidya learning etc

### About the course:

In the recent years, as new technologies are being developed, the demand for professionals, capable of modeling and simulating these emerging technologies have dramatically increased. A comprehensive review of the latest developments in the teaching skills is the need of the hour in order to assess our potentialities & initiate capacity to face the challenges in the teaching profession. The course provides the different methodologies of high quality teaching in the relevant areas that could lead to future developments in Science & Engineering.

The calendar of programmes provides information on various training programmes offered throughout the year to teachers, educational managers, administrators, professionals and staff of technical institutions.

### Objectives:

- ❖ The prime objective is to act as the main forum to exchange, examine, promote and discuss issues related to the latest trends, importance, needs and future developments as well as its effective applications in today's science & technology.
- ❖ To provide a common platform for the faculties of the institute and experts from various institutions for exchanging the ideas related to the advanced teaching & learning skills.
- ❖ The purpose of the course is to identify the systems and mechanisms which brings out in the application of latest developments in Engineering teaching and learning process.

### Topics for the course:

- Teaching - learning techniques & pedagogy
- Modern teaching aids & its applications.

- Recent trends in teaching & learning skills enhancement.
- Teaching with technology: practices, problems & promises.
- New paradigms of teaching & learning in professional institutions.
- Active learning & course design in science & engineering.

### Who should attend:

1. Do you feel the quality of project reports or thesis submitted by students leaves a lot to be desired ?
2. Do you see that your students are able to defend their work among peers, but are unable to express it well in an interview or to a general audience ?
3. Do you think your students must carry out even small projects with a rigour expected of a scientific approach ? 4. Do you observe your students have scant or no regard to ethics of technical or workplace communication ?
4. Do you teach a “Communication skills” course for STEM disciplines, and felt the lack of good resources ?

### Course Fee:

Interested participants are requested to apply through duly filled and signed registration form along with Demand Draft of Rs. 1000/- in favor of “**The Principal, BKIT Bhalki** payable at Bhalki. Duly filled in registration form with complete information and DD should be sent in advance to the corresponding address.

### Accommodation

Paid accommodation will be arranged in the college hostels / nearby hotels for the selected candidates on reasonable rates. For accommodation prior intimation is required.
